Come aboard our
FOLDING and TRANSPORTABLE TRIMARANS

TRICAT 20

TRICAT 6.90

TRICAT 25

TRICAT 30

Feel the thrill of sailing in cruise mode !

For coastal sailors who enjoy speed and comfort!

Our easy-to-use, safe and high-performance infusion-built TRICAT trimarans are the perfect combination.

The usable area on board is three times larger compared to a sailboat of the same size.

All the comfort you need! Our trimarans feature streamlined hulls, providing a lighter boat with no ballast, and a wide boat with an average speed of approximately 1.5 to 2 times higher than that of a single hull, to increase your sailing area!

Tricat 20

The day cruiser

The TRICAT 20 is a modern trimaran designed for day cruises or coastal raids.

This model features the TRICAT folding system which allows for a very large living space, with excellent rigidity and easy folding on the water.

TRICAT's extensive expertise is combined in this 20-foot trimaran to ensure the fine helming and seaworthy qualities of a TRICAT even for the most demanding sailor.

Its very large float volumes will ensure safe and fast sailing, without heeling.

Lenght	6 m	Number of burth	2
Weight	590 Kg	Folding	Yes
Sail plan Standard / Performance	24/29 m ²	Transportable	Yes

Tricat 6.90

From raid to cruise

Tricat's DNA is written into this model: performance, reliability, seaworthiness and 100% made in Brittany.

With this recent model, Tricat has asserted its motivation to popularise multihull sailing with all seagoers, offering a model that can be used by all.

3 versions to suit all programmes: Standard at an affordable cost, Family for shared experiences or Cruising for those who wish to enjoy the pleasures of a fully-equipped trimaran. For those who want fine tuning, a sports package can be added to all versions.

Lenght	6,90 m	Number of burth	4
Weight	720 Kg	Folding	Yes
Sail plan Standard / Performance	29/33 m ²	Transportable	Yes

The shallow draft of the TRICAT allows to sail almost anywhere: no tidal constraints and idyllic anchoring as close to the coast as possible !

A beached TRICAT can lie flat on its 3 hulls. No need for a stand to stabilise the boat, no ladder to get off the boat, and no compromise on performance !

Light to tow, easy to fold, storing the boat at home allows for pleasant and low cost maintenance.

Sail your folding trimaran and discover new areas of navigation without limits !

Tricat 25 Evolution

Benchmark in its category

TRICAT 25 Evolution is the ideal boat for your summer cruises and also for your day trips.

Easy to manoeuvre with the family or single-handed, TRICAT 25 Evolution offers guaranteed performance and thrills !

Its shallow draught (30 cm) will allow you to sail close to the coast with easy beaching. The cabin features comfortable sleeping accommodation for 4 people.

This foldable (without dismantling) and transportable road travel size model allows you to change sailing areas easily!

Lenght	7,70 m	Number of burth	4
Weight	780 Kg	Folding	Yes
Sail plan Standard / Performance	31/36 m ²	Transportable	Yes

Tricat 30

The fast cruiser

This TRICAT trimaran is specially designed for midshore cruising, and is fully-equipped to accommodate 6 people.

So easily folded afloat that you will forget its size.

Its outstanding performance (over 20 knots) allows for safe midshore cruising, and it is easy to manoeuvre with the family and single-handed.

Its large cockpit and sitting area with a panoramic view, allows to admire the scenery from the comfort of your own home without heeling.

Lenght	9,20 m	Number of burth	7
Weight	2250 Kg	Folding	Yes
Sail plan Standard / Performance	63/71 m ²	Transportable	No

Designed by sailors... for sailors...

The TRICAT concept was created in 1998. At the time, the founder Antoine Houdet, a passionate sailor, was looking for performance without compromising comfort.

He was convinced that it was possible to safely combine speed and sailing pleasure with young children, and launched the first TRICAT trimaran for his personal use.

Since 2003, TRICAT has been offering its customers the pleasure of long, fun-filled sailing trips. Fast sailing compatible with convivial moments with your toes in the sand thanks to a practical family beaching system. Fast cruising is now within the reach of all sailing enthusiasts.

Tricat 30

Tricat 6.90

TRICAT represents:

- Over 20 years of experience
- 200 boats built
- French manufacture: Brittany
- Modern designs
- Maximum reliability and safety
- High performance sail boats: unique sensations
- Vacuum infusion-built as standard
- 100% personalised service
- Environment-friendly: sustainable design and production
- A passion shared
