TRICAT 30

The comfort of a 30 footer combined with the pleasure of a trimaran

The TRICAT 30 is made in Brittany, France, with a very high quality of construction and equipment.

The TRICAT 30 can be folded afloat in the harbour to take up the space of an 11 metre single hull.

Designed for midshore cruising. It offers a very large living space and many storage spaces, ensuring a high level of comfort on board.

The large float volumes, are an essential safety element ensuring a very high level of stability and high cruising speeds!

Unique cruises, for a lifetime of memories!

Sailing a TRICAT 30 means:

- Exploring inaccessible areas and being able to beach flat without stands thanks to its 48 cm draught.
- Extend your navigation area.
- Sailing fast, easy and without heeling.
- Sharing the pleasure of sailing with family and friends.
- Benefiting from a privileged exchange with a Breton yard attentive to your needs.
- Accessing an available and efficient service as well as the possibility to benefit from the latest developments throughout the life of your boat.

Don't wait any longer, the TRICAT 30 is made for you!

Croque Soleil 3 : Tricat 30 N°1

Ozymandias : Tricat 30

Tricat: an experienced team of professionals, sailors and enthusiasts, who design, build and customise your trimaran (200 boats produced).

The fast cruiser

Imagine the boat of your dreams...

Tricat 30 sitting area

Choose the Tricat 30 for a spacious, bright and customisable interior...

Tricat can fulfil all your desires and build your ideal boat.

Its large windows add extra light and provide a beautiful panoramic view, even when seated on the bench seat, as well as downwind vision when sailing.

The Tricat 30, like all the boats in the Tricat range, features daggerboards on the floats, which frees up space inside, worthy of a cruiser!

Tricat 30 sitting area

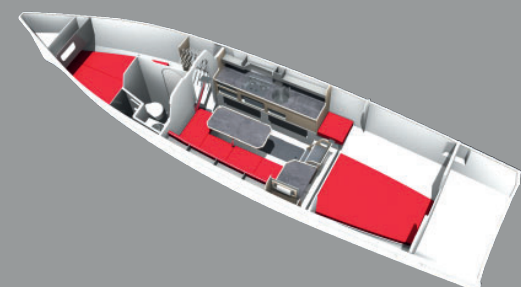

Sitting area, companionway and chart table

Large double berth under the cockpit

Shower room

Tricat will assist you with your project and satisfy all your needs and desires, in the choice of fabrics and colours, the layout in the Standard version (with drawers and panelling) or in the Performance version (lightweight furniture without panelling for a lighter design and easy maintenance), the choice of equipment (hotplates, fridge, heating, etc.).

Designed by Sailors for Sailors

Saileasy's Tricat 30

The Tricat 30 has been designed as a convivial boat, with all the sleeping space required to accommodate up to 6 people, it is the ideal Tricat for cruising with family or friends!

It has been designed to be technically accessible and optimised for easy single-handed navigation!

The Tricat 30, as the previous models, benefits from a fast and efficient folding system which allows the 2 floats to be folded in less than 5 minutes!

This system also guarantees stability on water, allowing to easily move the boat and fold the engine, so it can be moored at the pontoon, requiring the same space as a single hull.

Tricat 30 Djipi II

The Tricat 30 features large floats for a safe sail with the whole family!

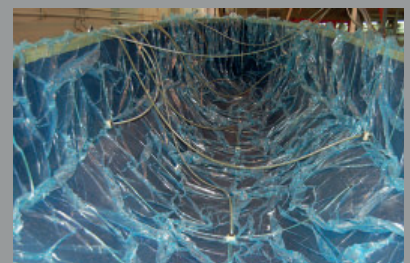

Discover inaccessible areas, and anchor as close to the shore as possible thanks to its shallow draught!

The 48 cm draught makes beaching easy!

The Tricat 30 has been designed for a midshore programme, therefore it is very suitable for cruises to the Scilly Islands, around the Mediterranean, the Spanish coast, etc. It's up to you to make up your own programme!

Opting for the Tricat 30 also means benefitting from Tricat's 20 years of experience in the design and construction of folding trimarans. The infusion process, which has been used from the very beginning, as well as the standard carbon structure are examples of Tricat's expertise and construction quality of the Tricat 30.

The Tricat 30 infusion-built central hull

Technical characteristics

Architect :	Jack Michal
